SYNERGY

Super Concentrated Industrial Cleaners Delivered Fast, Simple and Safe

NUANCE SOLUTIONS
PRODUCTS THAT PERFORM
“Waiting for improvements to happen on their own is not a good strategy”

Are you doing the same thing over and over and expecting a different result? That’s crazy, but Industrial Cleaning Consumers have been buying the same cleaning chemicals, in the same drums, totes and tankers for years, and yet are expected to meet tighter budgets and solve new challenges. It’s not your fault - you did not know you’ve had other options.

Our Industrial clients tell us about their most pressing challenges all the time. Do any of these sound familiar?

Are you:
- Tired of hidden freight costs?
- Under pressure to reduce the maintenance chemical budget?
- Concerned about employee and environmental safety?
- Stressed out by lack of production and storage space?
- Worried about internal handling of clumsy bulk tanks?
- Frustrated by inconsistent cleaning results?

If any of these issues seem familiar, and you are ready for a change, please read on.

The solution is simple…
Most cleaners are 80-95% water; why ship water?
We deliver only the super concentrated cleaning solutions, not the water.

What do Synergy Superconcentrates mean to you?

Small package, big results
- True superconcentrates that are 10 times more concentrated than ordinary cleaners
- The cleaning power of a drum fits into a 1.5 cubic foot car ton
- Each carton delivers up to 1,500 gallons of ready to use cleaner
- Select from 10 proven formulas to handle your cleaning challenges

A safer workplace for your employees
- The closed dispensing system prevents chemical contact, tampering and waste
- MSDS, tech services and medical emergency numbers are on every container

Higher Productivity
- Special dispenser fills 2 to 5 times faster reducing downtime by up to 67%
- System adapts to deliver a custom solution for your cleaning needs

Simplicity
- Wall mounted, so it takes up no valuable floor space
- Just turn the valve to fill buckets and scrubbers fast and safe

Choose TEMPO When:

- Water flow is less than 7 GPM
- Wall space is limited
- Usage is less than 1 drum per month
- Multiple cleaning stations are preferred

Choose EXPRESS When:

- Water flow is more than 7 GPM
- Wall space is limited
- Usage is 1 drum per month or more
- Multiple cleaning stations are preferred

Choose TURBO When:

- Water flow is between 11-25 GPM
- Wall space is limited
- Usage is 5 drums per month or more
- Centralized cleaning station is preferred
- Filling large riding scrubbers

Environmental Responsibility

- Packaging is secure to prevent spills
- Packaging is all HDPE for easy recycling
- Superconcentrates reduce shipping weight by 90% - burn less fossil fuels
- Compact size permits higher cube shipping
- Reduces packaging by 97%
